- Sponsor's logo printed on the Conference poster

Dear friends,

Serbian Library Association welcomes you to the 19th Annual Conference “Associations, connections and networks of librarians” that will be held on December 14 – 16, 2020 at National Library of Serbia and University Library “Svetozar Marković” in Belgrade. Our association in 2022 celebrates a significant jubilee – 75 years since its founding in Belgrade in 1947. The anniversary of the founding of the Association is an important event for the library and information community in Serbia, due to the longevity of the Association, its mission to connect library and information professionals in the country and abroad, and because of the activities carried out by SLA in the first decades after the foundation that have left a lasting impact to this day.

SLA conference provides plenty of informal networking among its participants and sponsors. Sponsor Showcase offers further opportunity for attendees to network and review information products, services and resources available now. The conference is structured so that coffee breaks, lunches and receptions give sponsors prime time to talk with attendees and establish their information needs. The format for this Showcase exhibition area offers opportunities for quick demos and informal conversations throughout the event. If you are interested to have sponsor presentations during the conference main program, let us know.

To discuss SLA conference range of sponsorship opportunities, contact us at konferencija2022@bds.rs.
